

Certification Obsolescence Manager

Finally „IIOM Associate Grade“ certified.

Obsolescence Manager “IIOM ASSOCIATE GRADE”

The **certificate** acquired at the end of this course is a **qualification as Obsolescence Manager**, which proves in-depth understanding of the topic. The certification is aimed at **engineers**, purchasing **professionals, obsolescence management team members** or **managers**. Upon successful completion of the course, the certificate can be used to register as an **Associate Member of the International Institute of Obsolescence Management (IIOM)** when joining the organization.

Objectives:

This 1-day certified course is an **assessment course based** on the **2-day AMSYS Obsolescence Management Seminar** or similar requirements.

The individual assessment of each participant is based on the **Obsolescence Management Plan (OMP)** - which must be prepared in advance and presented during the course - and the **creation and presentation of an Obsolescence Management Capability Assessment** (during the course), as well as a multiple-choice **test** (during the course).

Contents:

Introduction: Comprehensive Obsolescence Management
- Introduction and "Warm-up"
- Explanation of "AIIOM" Benefits

Assessment 1: The Obsolescence Management Plan (OMP)
- Participants must develop and present a draft OMP for a project
- **The objective** is to create a design that, once completed, is of real and lasting value to the project

Assessment 2: Process Capability Evaluation
- The participants must develop and present a Capability Assessment of the obsolescence management lined out in other OMPs
- **The objective** is to develop the ability to evaluate the maturity of different obsolescence management approaches

Assessment 3: Individual Questions & Multiple-Choice Test
- Participants must take a test
- **The objective** is to assess the participants' general knowledge in the field of comprehensive obsolescence management

Wash-up: Questions and Answers
- Open points
- Q & A session

Method:

Lectures, discussions, case studies, groupwork, multiple-choice test, assessments

Prerequisites:

In order to participate in this Obsolescence Manager Certified IIOM Associate Grade Certified Course, you must have successfully completed the AMSYS 2-Day Obsolescence Management Seminar or be able to prove a background with relevant experience and proficiency in comprehensive Obsolescence Management, supported by written documentation and references.

Trainer:

MIB, Dipl.-Wirtsch.-Ing. **Bjoern Bartels**, AMSYS GmbH

Conditions of participation: The participation fee for this event includes conference documents, lunch and refreshments, and is stated per person and exclusive of VAT at 19%. It is due upon receipt of the invoice. After receipt of your registration, you will receive a confirmation. You may cancel (written form is required) free of charge until 8 weeks before the start of the event; cancellations by 4 weeks before the start of the event incur half of participation fee. The full participation fee will be due in the event of cancellation after this date. We are happy to accept a substitute participant at no additional cost. The organizer reserves the right to cancel the conference if necessary. In this case, the amount already paid will be refunded. In the event of cancellation by the organizer, any flight, travel and hotel costs already incurred will not be reimbursed by the organizer!
